**Certification of CNPI Filing February 6, 2006**

Endless Mountains Wireless, L.L.C. ("EMW"), nonwireline cellular licensee of the Pennsylvania 4-Bradford RS, hereby submits its certification in response to FCC Public Notices dated January 30, 2006 (DA 06-223) and February 2, 2006 (DA 06-258).

EMW currently leases its spectrum to American Cellular Corporation. Consequently, EMW is not currently providing telecommunications service and may not be subject to certification filing requirement. However, out of an abundance of caution, EMW is filing the instant certification to report that it currently has no customer proprietary network information. EMW will establish and adhere to a program complying with the applicable requirements of 47 U.S.C. § 222 and 47 C.F.R. Part 64, Subpart U if it initiates telecommunications services in the future.

As a result of this decision, I certify that I am a manager of EMW and I have personal knowledge that EMW is in compliance with the Commission's rules governing CPNI.

The information above is true and correct to the best of my knowledge and belief.
